June, 2014

Dear SAFE Member:

Enclosed is the 2014 Call for Awards Nominations booklet.

Each year, we take great pride in recognizing members of our community whose efforts and dedication have contributed to the preservation of human life. This endeavor relies on our SAFE membership to take an active role in the recognition of those members of the safety and survival disciplines by submitting nominations for the various SAFE Association awards.

In reviewing the booklet, please pay particular attention to each category of award and their respective definitions as they have changed. In January 2013, the SAFE Board of Directors approved the adoption of several major changes to the awards program. The changes bring the awards program up-to-date and more in line with the stated goals of the Association while making award category selection easier for our membership.

You will also note the list of past awards and recipients. Please do not confuse the past awards with the new awards. This list of past awards and recipients only serves to highlight the history of our awards, our industry, and to recognize those past recipients.

I encourage you to take the time to show your support and appreciation for the countless hours someone you know has dedicated to our community. Do not allow someone deserving of recognition to slip away; submit your nomination today! Again, it is important to review each new award category and description carefully, and to submit your nominee in the correct category for proper evaluation.

The 2014 nomination information is also available on the SAFE website (www.safeassociation.com). No award will be accepted if it is not on the correct nomination form.

Those selected as recipients will be recognized during the 52nd Annual SAFE Symposium being held November 3-5 at the Caribe Royale Hotel and Convention Center in Orlando, Florida. We hope to see you there as we announce and recognize the 2014 award recipients.

Finally, make a note now of the **Friday, August 15th submission deadline.**

Thank you for your continued support,

John Fair
